Skills

- Flash, Actionscript
- Photoshop
- Illustrator/Freehand
- InDesign
- After Effects
- HTML
- Dreamweaver
- 3D Design

Work Experience

2005-2006, POC Technologies, Flash Developer

<http://www.mycardmaker.com>

At this company, I worked on a Flash application (My Card Maker) that was designed to allow people to upload photos and make greeting cards. The scripting is all object-oriented and the content is database driven. For the most part, I worked on the front-end, but later on I delved into the scripting side. This was a challenging, yet exciting project to be a part of.

2004-2005, Young and Rubicam Brands, Interactive Designer

At Y&R I have been responsible for designing and building multimedia pieces, primarily in Macromedia Flash. I have worked on the Hitachi home page, making an animated marketing piece for their servers. I have also worked for MSN TV, doing flash and gif banners, and Jacuzzi. In addition, I did a Flash presentation for Y&R that resulted in a successful bid for a new client.

1999-2003, Web Associates, Art Director

Responsibilities included: Creating concepts, storyboards and rich-media presentations in Flash. I did action scripting and all aspects of motion graphic development for clients like Apple, Hewlett-Packard, Yahoo!, Nextel and many others. In addition I managed a design department with multiple ongoing projects, schedules and deadlines. I also kept track of expenses and maintained the budget.

1998-1999, Record Grafix, Senior Designer

Responsibilities included: Design and pre press for compact disc packaging using Quark, Illustrator and Photoshop. Book design and prep for publishing. Design and Development of web sites used to market and sell products.

1994-1998, Cement Quality Raiment, Senior Designer, Partner

Responsibilities included: Design of a unique line of athletic clothing. Advertising design for print. Video production for commercials. Design, construction and maintenance of the company's web site.

Suggs Lombardi Advertising, Junior Designer

Responsibilities: Advertising design, catalog design, pre-press.

New Times, weekly entertainment magazine, Production Artist

Responsibilities: Editorial design, advertising design, pre-press.
